All services are considered as custom and Subscriber will not be entitled to full, partial, or any other type of refund.

In the event that the Subscriber wants to stop BDC live agent assistance they can do so by going to Login > Manage Account > Account Settings > Unchecking "BDC Service" box in the LeadLocate portal. No refunds are ever issues for any BDC service that was stopped by the Subscriber. (Ex: If a subscriber's plan includes 4 hours of assistance Monday through Friday and Subscriber stops BDC Service on Thursday they will still use up prepaid days of BDC Service) BDC Service cannot roll over into next term. The BDC Service box is checked by default if Subscriber does not want to receive any BDC live agent assistance they can uncheck that box at any time. The provider might allocate complimentary overflow BDC live agent assistance to accounts with enabled BDC Service even if the Subscriber did not pay for a BDC agent plan. This complimentary service is rendered on "as available" basis and is not guaranteed.

## SECTION 5: CREDIT CARD CHARGES AND CREDIT CARD FRAUD PENALTIES

S5-Part-a) Subscriber warrants that he or she is over 18 years of age, not subject to the Child Online Privacy Act, of legal age to enter into contractual agreements in the state in which he is present when he makes this purchase and is the true and authorized owner of the credit card used to make this purchase. Any Subscriber who violates any of these requirements may be liable for civil or criminal prosecution and agrees to pay liquidated damages of an amount the equivalent of US \$10,000.00 per fraudulent transaction, plus actual damages, and agrees that all information collected by Provider may be used for prosecution and may be turned over to law enforcement agencies or to credit card companies, collection agencies, private investigators, and merchant service providers.

S5-Part-b) If the true and/or authorized owner of the credit card attempts to commit fraud upon the Provider, he or she authorizes each and every credit card company or merchant service provider to disclose to the Provider all information that could be construed as proof of credit card fraud.

S5-Part-c) Any Subscriber who attempts to perpetrate a fraud upon Provider involving the use of a credit card herewith gives authorization for the Provider to access all credit information about the Subscriber from credit reporting agencies and also authorizes the Provider to discover all relevant information from any source about the fraudulent practices of the Subscriber and to reveal such information to credit reporting agencies, credit card companies, merchant service providers, collection agencies, private investigators, and law enforcement agencies.

S5-Part-d) Subscriber agrees that if he or she uses trickery to receive a refund, or if he causes a fraudulent dispute claim that results in a chargeback against the Provider's account, that the Provider is authorized to re-charge the Subscriber's credit card that was used for the original purchase to the extent that will make the Provider whole. Subscriber agrees to, in addition to actual damages, pay to the Provider liquidated damages of an amount equivalent to the US \$10,000.00 or to the extent that will make the Provider whole for every separate fraudulent action Subscriber commits. Subscriber grants Provider authority to collect any past due amount or outstanding fees by all legal means necessary.

S5-Part-e) Subscriber understands and agrees that Provider has zero chargeback tolerance policy. #### SECTION 16: BEFORE YOU USE LEADLOCATE

S16-Part-a) Some LeadLocate users are not required to access the National Do Not Call Registry, and thus may access LeadLocate as an Exempt Organization if one or more of the following is true: Your organization is not subject to either the FTC's or the FCC's jurisdiction. For example, a non-profit charitable organization may be an Exempt Organization, assuming, of course, that it is truly a non-profit. Entities that have been granted tax-exempt status under the Internal Revenue Code are not necessarily Exempt Organizations for purposes of the National Do Not Call Registry. See, e.g., *FTC v. National Consumer Council, Inc.*, and *FTC v. Debt Management Foundation Services, Inc.* There, the FTC successfully challenged the status of a purported nonprofit organization whose role, in fact, was simply to generate leads for other firms which then charged consumers thousands of dollars in fees for their services.

S16-Part-b) Example SMS written permission statement that you can add to your forms or site: (see your attorney for complete local and federal laws) "We may contact you using SMS or automated calls. Terms and Privacy can be found on our website. You may receive up to 12 msgs/month. Message and data rates may apply. Reply Drop to stop or More for help and terms. Messages and/or calls may be sent using an autodialer."

S16-Part-c) Your organization does not engage in any "telemarketing" or "telephone solicitation" activities, as defined by the FTC and FCC, respectively. For example, survey calls and political polling calls are not covered by the definition of "telemarketing" or "telephone solicitations." An organization that places ONLY these types of calls may be an Exempt Organization.

S16-Part-d) Your organization qualifies for one or more of

the specific exemptions contained in the FTC's and FCC's rules, such as: You only call to solicit charitable contributions; or

You only call consumers with whom you have an established business relationship; or

You only call consumers from whom you have received written permission to call; or

You only make business-to-business calls.

If you are a for-profit telemarketer, you are NOT an Exempt Organization.

Whether your organization is exempt is a decision that requires an understanding of the FTC's and FCC's requirements, as well as your specific business practices. Therefore, whether you should subscribe as an Exempt Organization is a decision you must make. In making this decision, you may wish to consult with an attorney.

S16-Part-e) You may wish to consider the following materials when deciding whether to subscribe to the National Do Not Call Registry as an Exempt Organization: The FTC Act at 15 U.S.C. §§ 41-58 and related case law. The Communications Act at 47 U.S.C. §§ 151-757 and related case law. The Telephone Consumer Protection Act (TCPA) at 47 USC §227 and related case law. The Telemarketing and Consumer Fraud Abuse Prevention Act at 15 U.S.C. §§ 6101-6108. The Do Not Call Implementation Act at P.L.108-10, 117 Stat. 557, and related case law. The Telemarketing Sales Rule at 16 C.F.R. § 310 and related Agency statements and case law. The FCC's rules implementing the TCPA at 47 C.F.R. § 64.1200 and related Agency statements.

S16-Part-f) Legal Firms & Telecom Counsel These legal firms specialize in National (and in some cases International) telecom regulation & compliance. <http://www.copilevitz-canter.com/> <https://www.manatt.com/home.aspx> <http://www.lockelord.com/> <http://www.olshanlaw.com/practices-Advertising-Marketing-Law.html>

Subscriber agrees to provide legal contact information in any outbound campaign within the initial greeting message. Subscriber agrees to provide its own sound files for all outbound campaigns. This consent should be granted through a confirmed ("double") opt-in system that clearly expresses the topic of the subscription on an online or offline form via a checkbox. This checkbox must not be checked by default. In other words, all checkboxes have to be blank by default, leaving users the opportunity to willingly opt-in to receive communication.

S18-Part-c) AN UNSUBSCRIBE LINK MUST BE INCLUDED IN EVERY MARKETING CAMPAIGN

All marketing campaigns must include a clear and concise link for recipients to easily opt-out of receiving future communication. The link must be easy for anyone to recognize, read, and understand. On your end, this unsubscription must be granted immediately, with no further emails being sent to this recipient from that moment forward. In accordance with the LeadLocate Sending Policy, transactional and confirmation emails such as purchase orders, payment invoices, password resets, account creations, etc. by nature do not require an unsubscribe link.

S18-Part-d) THE SENDER NAME AND STATUS MUST BE CLEARLY COMMUNICATED IN EVERY MESSAGE

"From", "To" and "Reply-To" fields must accurately and clearly identify the sender's domain name and email address. When sending from a different domain name on behalf of a partner or related third-party organization, the email body must clearly communicate that the message is sent via a third-party domain.
